

Mock Paper Tracker

Use the official CBSE Sample Question Papers 2026-27 and marking schemes (cbseacademic.nic.in). Review each paper for as long as you spent writing it.

Week	Mock papers	Focus
Weeks 1-2	None — section-wise practice only	Chapter coverage
Weeks 3-4	1 half paper per subject (90 minutes)	Speed on objective and short-answer sections
Week 5	1 full paper per subject, timed (3 hours)	Time management and marking-scheme checking
Week 6	1 more full paper in your two weakest subjects	Fixing errors from your log

Log every paper

Date	Subject	Paper	Time taken	Score / Max	Concept gap (marks)	Careless (marks)	Time loss (marks)	Biggest fix for next paper

Error Log

One line per mistake. Error type: C = concept gap (didn't know it), E = careless error (knew it, got it wrong), T = time loss (didn't reach it).

Date	Subject	Chapter	Question / source	Type (C/E/T)	What went wrong	Correct approach	Re-checked

How to fix each type: C — re-read the NCERT section and solve 3 fresh questions. E — note the exact slip and re-check that step in every paper. T — attempt that section first in your next mock, with a time limit.
